**Important reminder: School arrival and gates opening times**

31<sup>st</sup> January 2024

Dear Parents and Carers

As we strive to create a nurturing and organised learning environment, we would like to remind you of the crucial importance of punctuality.

Our school gates open 10 minutes before the start of the school day, and we kindly request that all Key Stage 1 children be ready in line, while Foundation stage parents ensure their children are at the classroom door by 08:40.

Being on time is vital for your child's well-being and ensures they do not miss important well-being check-ins and key information for the day. A prompt arrival facilitates a smooth transition into the school routine, promoting a positive and settled start to the day.

There has been a gradual increase in the number of families arriving after 08:40 and over time regular lateness can lead to a loss of learning.

Thank you for your cooperation in maintaining a supportive and structured learning environment for all our students.

With kindest regards,

Jamie Ainscow  
Headteacher
