## **Update on Data Security**

Dear Parents and Carers,

You may have seen reports of a recent data breach affecting another organisation. We want to reassure you that this incident does not involve our school, and there has been no impact on our systems or your personal information.

We understand that news of such breaches can cause concern. Please be assured that we take the security of data extremely seriously. We have robust systems and policies in place to protect the information we hold. While it would not be appropriate to share the details of these measures publicly—since doing so could increase potential risks—we want you to know that safeguarding your data is a priority for us at all times.

Should we ever have any concerns about your information, we will contact you immediately.

Thank you for your continued trust and support.

Kind Regards
