Dear Parents/Carers

New School Meal Provider

We are writing to let you know that from 1 April 2026, our school will be working with a new catering company, Stir Catering, to provide our school meals.

The contract with our current supplier was due for renewal and after a careful review, we chose this provider because of their commitment to high-quality, nutritious meals, a varied menu, and their experience in catering for schools. The new menu will offer a wider range of choices while continuing to meet all school food standards. We have attached an information leaflet from Stir Catering that contains lots on information and example menus.

The catering team will also be able to accommodate special dietary requirements and allergies. **If your child has specific dietary needs, please ensure the school office has the most up-to-date information. You can do this by sending a message via MCAS or emailing contact@ashbrookschool.net**

Further details about menus and how to book meals will be shared shortly.

We are excited about this change and believe it will provide a positive lunchtime experience for our pupils.

Kind regards

Jamie Ainscow
Headteacher
