## Parking around Ashbrook

Dear Parents/Carers

As part of our ongoing commitment to being a considerate and responsible member of the Two Mile Ash community, we are asking all parents and carers to support us in addressing ongoing concerns raised by local residents about parking around the school.

We have again been contacted by neighbours who are experiencing frustration due to parents parking on, or waiting across, private driveways for extended periods of time. This includes cars blocking driveways, pavements, and access routes.

Although the school has limited powers to enforce parking on public roads, we do expect all families to show respect for our neighbours and to follow the law. Parking on private driveways, blocking access, or obstructing pavements is not permitted.

To help maintain positive relationships within our community, please ensure that:

- **You do not park on or across residents' driveways**
- **You do not wait in your car on private property**
- **Pavements and dropped kerbs remain clear for pedestrians, wheelchairs, and pushchairs**
- **You park considerately and legally at all times**

Local residents will be advised that they are within their rights to contact Milton Keynes Council's parking enforcement team if these issues continue.

We appreciate your cooperation in helping us keep our community safe, respectful, and welcoming for everyone.

Kind regards

Jamie Ainscow
